We are reliably informed that the above is the definite date of issue of the new 1c and 3c Century of Progress Postage Stamp

Don't Delay--Get Your Envelopes and Post Cards Now!

BE PREPARED—Buy your envelopes now for first day covers. We have prepared an exceptionally beautiful envelope for the occasion, from a unique original drawing, depicting a century of progress in postal service, artistically printed in colors. Its the finest we ever offered and will please everyone. Post Cards also in same design.

BEWARE OF THIEVES! If they steal our designs they may steal your purse. A Milwaukee printer has deliberately stolen both the design of our Newburgh Peace envelope and of our Chicago Century of Progress envelope. We paid real money to a real artist for these designs and drawings. The Chicago envelope alone cost us fully \$25 for the first envelope we printed. It has been stolen and is being offered in inferior printing at a slightly lower price than we quote. Beware of imitations—stolen goods. In the future all LINPRINT special designs and envelopes will be copyrighted, and thieves will be prosecuted.

If you want the best in high quality, beautifully designed envelopes, buy from a reputable producer who is not afraid to employ real artists and pay fair prices for the high class drawings which are produced.

If you have not bought your genuine LINPRINT envelopes for the Chicago Stamps, order them at once; delay may mean disappointment.

News of The Stamp World

CHARLES J. PHILLIPS spoke to members of the Brooklyn (N. Y.) Stamp Club and their friends, April 24th, on "Experiences with Philatelists."

His career, including many years as a member, and owner, of Stanley Gibbons, noted English stamp dealers, has been full of intimacies with the most renowned collections and their owners.

Up to Mr. Phillips' coming to the U. S. some twelve years ago, he handled all purchases for the collection of King George, of England. This is the most complete possible collection of Great Britain and Colonies, embracing 280 volumes. It contains postal issues in singles, blocks, proofs, essays, and forgeries postally used.

The T. K. Taplan collection, left in 1891 to the British Museum, was at first refused by its Governing Board as "not an antique." It was finally accepted upon the wish of the then Prince of Wales and since its showing has been the most sought after exhibit.

Mr. Phillips acted as agent for the celebrated French collector (who was an Austrian by birth), Ferrari. Two secretaries were employed to mount his collections of stamps and another to arrange his covers. They had a weekly "budget" of 50,000 frs. to purchase new items.

M. Ferrari collected stamps for over fifty years, until his collection was confiscated by the French government during the World War. It was then sold at fourteen auction sales over a period of four years, and realized \$1,632,524. The sale was so rushed that many rare stamps were practically given away in various lots.

The late Arthur Hind, of Utica, N. Y., purchased the majority of the lots offered. The most noted purchase being the British Guiana No. 13, for \$32,500, although he had authorized a

bid up to \$60,000 for this stamp. (It is doubtful, with general conditions as they are, whether the stamp will pass to King George's collection, at any such figure today.)

A strange incident seems to be the purchase by King Fuad, of Egypt, through Mr. Phillips, of a large collection of Confederate States of America, for \$10,000.

The Brooklyn Club was extremely fortunate in hearing at first hand of

with a pair of shears. At the top left, three perforation holes are missing entirely and one hole at the bottom left is missing.

Roscoe B. Martin sends news and information about the big new stamp club organized in the Genessee Country of New York State. This organization altho it just held its third meeting in April is already a very

CHICAGO STAMP--MAY 25th

Announcement was made today by Postmaster General Farley that the one and three cent Chicago Century of Progress Exposition stamps will first be placed on sale at the General Postoffice in that city on May 25th. At the opening of the Exposition, on June 1st, these two commemorative stamps will be on sale at the special Philatelic Agency to be established in Chicago for the benefit of visitors in connection with the postoffice unit operated there.

These stamps will be available to collectors who visit the Fair in Chicago but no mail orders will be accepted by the Philatelic Agency. Collectors who desire first day covers may send not to exceed 25 envelopes for both stamps to be in the hands of the Chicago postmaster not later than May 22nd.

First Assistant Postmaster General Joseph C. O'Mahoney, will be present in Chicago on the day the stamps are first placed on sale as the personal representative of Postmaster General Farley.

The Postoffice Department has ordered 200,000,000 each of the one and three cent stamps, and they are now being turned out at the Bureau of Engraving and Printing.

In event a reduction in rate on local letters from three to two cents is made, there will be no two cent special stamp issued.

these, and other, experiences of Mr. Phillips with the foremost collections of philately.—W. J. Cowdrey.

Mr. C. J. Johnson, Sioux City, Iowa, sends a copy of the current 13c Rotary Print stamp which has been so poorly perforated that the person who removed it from the sheet has resorted to the old method of cutting

large and successful club. Its first meeting brought out 67 collectors. At the April 21st meeting there were 80 in attendance, about 20 of which were women. One of the features of the club is a regular luncheon served by the ladies at 10:30 each meeting night. Members at the meeting are taxed 20c per head and the proceeds go to the club treasury.

Great Summer Stamp Show at Cedar Point in July

The Sandusky Stamp Club of Sandusky, Ohio, is now four or five years old. The club has not previously made any attempt at holding a big meeting for collectors from all points as has become the custom with stamp clubs in this part of the country.

Evidently, however, the boys are itching to do something and they now started to lay plans for their first event which, if nothing upsets those plans will be the biggest stamp meeting that has been held in America.

Cedar Point on Lake Erie has long been a popular playground for people from all over this section of the country and many from distant points do not count the summer well spent without a trip to Cedar Point. The location is ideal for a big National Meeting, it is ideal for a sectional meeting, but this meeting is not to be sectional. It is intended as a great Philatelic Chautauqua, a place where you can come and bring the family, enjoy a few days vacation, meet stamp friends from everywhere and view an exhibition that in volume will be as large as many of the big exhibitions of the past. Already plans are made looking toward the display of several hundred frames of stamps, a large exhibition hall for the exclusive use of the stamp crowd has been assured, ample hotel accommodations with an assurance of room for all reservations has been arranged for. A program that will please all who attend is in the making and it is believed that this big summer meeting will be a popular event.

The dates are July 27, 28, 29, 30, Thursday, Friday, Saturday and Sunday. It goes without saying that the big days will be Saturday and Sunday. It is believed that large numbers who cannot visit Cedar Point for the full four days will find it possible to get there late Friday or early

Saturday and stay over Sunday. Hundreds of collectors within a couple hundred miles drive of the Point can make the week end trip and the program of entertainment planned for them will make them all glad that they were there.

One of the features of the meet will be a big auction sale under the capable management of Mr. Donald A. Dickason of Wooster, Ohio. Mr. Dickason wants this sale to be one of the best he has ever held. He solicits lots for this sale from collectors everywhere. Nothing but high quality, first class material will be accepted and no lots with a catalogue value under \$5.00 or with an approximate sale value of less than \$1.00 will be accepted. Collectors who wish to place stamps in this sale can forward lots to Mr. Dickason. He reserves the right to reject any lots without reason as it will be his aim to pick out the very best material for this sale. Lots for this sale must be in his hands by May 15.

Sandusky Stamp Club members are hard at work planning this big summer meeting and you who are so situated that you can possibly get there should plan now to be there. Further details and announcements will appear from time to time in this publication until the entire program is ready. Chalk up the dates on your calendar. This is to be the big stamp event of the year.

Is It Catching?

John Barrymore, the eminent actor and philosopher, hates stamp collectors. And has a very good reason. In a current article, "My Son John", published in "The American Magazine" he makes the following statement: "In New York I had known a stamp collector who was a practical joker and who one night put ashes in my bed. I have hated stamp collectors ever since." Moral: Never put ashes in your friend's bed, it hurts the morale of your hobby. Put hinges or a watermark detector. I thank you.

70% TO 75% DISCOUNT

To General Collectors with less than 25,000 vars., and who will select \$10.00 net or over, we send an entire stamp collection to select from at the above discounts. Take what you wish, leave what you don't. Those hard to get low and medium priced stamps which you miss are here. Full details upon request—gladly.

RAY SHEPARD, . . . 1529 DUXBERRY AVE., . . . COLUMBUS, OHIO

AUSTRALIA—Another value to go with the two chronicled April 15th; wmk. mult. C. of A. perf. 13½x12½:

A4—4p. olive bistre

(Philatelic Magazine)

BELGIUM—The postal authorities recently ordered the destruction of 20,000 sets of the Orval Abbey stamps with the overprint "L. 19-8-29", Scott's Nos. 420-428, inclusive. Since only 25,000 sets were overprinted in August, 1929, the issue has sold very badly as, indeed, its speculative nature deserved that it should.

General dissatisfaction concerning the weak designs of the current low-value types will result in their replacement at an early date with the stamps in the photogravure King's head design—Scott's type A71.

(Gibbons' Stamp Monthly)

DUTCH INDIES—The first of the new portrait type heralded in our notes of February 18th, has appeared. The stamp measures 23mm. square. The design is very pleasing, showing an up-to-date portrait of the Queen, in a square frame. The value and "NEDERL. INDIE" appear in block type at the foot. Printed in photogravure, perf. 12½:

12c. orange

(R. Roberts)

Pictorial designs showing characteristic native scenes, will appear soon for the following low-values. To go with the stamp noted above: 1c. blue; 2c. magenta; 2½c. sepia; 3c. green; 4c. sepia; 5c. blue; 7½c. slate; and 10c. red.

(Philatelic Magazine)

FRANCE—The 20fr. in the new perforation, chronicled March 11th, came into existence as a result of a temporary damage to the ordinary perforating machine. While this was out of order, sheets of 20fr. stamps were perforated on a hand machine giving the 11 perforation.

(Gibbons' Stamp Monthly)

HONG KONG—The undermentioned value has appeared on script wmk. paper, for the first time:

A14—12c. purple on pale yellow

(R. Roberts)

INDO-CHINA—An Air Mail series is in preparation, the values being 1, 2, 5, 10, 15, 20, 30, 36, 60 and 66 cents, 1, 2, 5 and 10 piastres.

(Gibbons' Stamp Monthly)

NEJD—In our issue of October 29th of last year, we announced the new name of this country would be Saud-iah. There seems to be some dispute as to the name, for we now

note in Gibbons' Stamp Monthly that the name will be "ARABIA SAUDIA". As the new stamps should appear shortly, we should soon know under what letter of the alphabet future issues of this country will be found.

NEWFOUNDLAND—The following two minor varieties were caused by the utilization of sheets containing 400 watermarks arranged in four panes of 100 and intended for use for the smaller sized postage stamps. The gutters between these panes are wide enough to give stamps, without watermark:

#509b. pair, one with, one without wmk.
? the same as above, will exist on those copies overprinted "L & S Post".

(Gibbons' Stamp Monthly)

PARAGUAY—Supplementing our notes of April 22nd, we learn that the values of the new Zeppelin set will be 4.50p., 9p., 13.50p., 22.50p., and 45p. The postage rate is 4.50p. per gram, hence the high values. These should appear soon as the first trip of the Zepp is scheduled for May 11th. The decree authorizing this issue was signed April 7th.

(H. G. Spanton, Buenos Aires)

TONGA—Color changes are on order for the two following values:

½p. green
2½p. blue

(Philatelic Magazine)

Columbus Philatelic Club Exhibit

An exhibition will be held in Parlor A of the Chittenden Hotel by the Columbus Philatelic Club on May 13 and 14th. The exhibition will be open both afternoon and evening of the 13th and from 10 a. m. to 5 p. m. on the 14th.

Frames have been promised by over forty different members of the club and there will be frames from the stamp clubs of the Roosevelt Junior High School and the West Broad Street School.

Some members of the local club will be in attendance at the exhibition on both days and collectors from all points are welcome.

Joe Arthur is chairman of the Exhibition Committee and is spending much time in getting a representative lot of material together for this event.

SENSATION MIXTURE

We were recently the lucky purchasers of all the odd boxes of stamps, stock books, approval books, sets, odd packets, old bank mixtures, etc., from London's oldest established stamp shop.

The proprietor having recently retired, much of it has lain untouched for years.

We came across a big parcel of good class and rare stamps that had probably been put aside for eventual sorting and cataloguing, thousands of good quality items that price 15c, 30c, 60c, and even \$5 and \$10 each.

We are not sorting or classifying at all. You may get 6 or 7 \$5 stamps in a \$3 lot.

Apart from the rare stamps this mixture is remarkable for its unusual variety, and will give many hours of profitable pleasure to any dealer or collector to sort.

The whole lot has been mixed together and is guaranteed unpicked.

Buro Print Price Changes

An exceedingly illuminating list of Bureau Print Precancel price changes has been compiled by Mr. E. E. Parker, one of the interested Buro Collectors of Columbus. Mr. Parker has taken into consideration only those items which have shown a price fluctuation of \$2.00 or more and lists both Singles, Blocks and Coil Pairs. In making this list he checked his own collection and found that of the items in this list which are in his collection, a total of only 20 items, the net gain in catalog value was \$32.45.

The collector who is not a Buro Precancel Fan should be interested in the possibilities of these stamps as there are still many of them in the hands of collectors who will yet admit that they cannot tell a Buro Print from any other precancel and it's time to learn about them when prices such as these are tacked on the stamps.

What Might Have Been

How oft to us, who like to fuss
O'er stamps, comes vain regret
When, in old age, we think, with rage,
Of stamps we didn't get.
How, as a kid, dumb things we did;—
Yes made an awful muss;—
Let good things go, now well worth
dough,—
We're prone to ponder thus:—

Had I but known or e'en been shown,
Back in my early days,
What to collect and what reject,
When first I got the craze,
My showing might be wondrous,
quite;
I'd leave behind a "wad"
In worth,—maybe,—when they plant
me
Beneath six feet of sod.

—G. M. McCracken.

Precancels

Information regarding new issues and notes of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.

K. M. GIERHART, BALTIMORE, OHIO

Every now and then I get a report on certain precancel items, and the parties submitting them try to impress on me that there was only a half sheet or a sheet of this item issued as the case may be. Many times I mention the item but never how many was supposed to be issued for several reasons. One reason is that in the precancel game demand has a larger part to play than supply and only time will tell what the demand will be of any general precancels. Another reason I never mention the supposedly number of stamps issued of a certain item is that the fact that it was mentioned in a precancel column might lead some unscrupulous person to use that as a lever to get an unfairly high price out of the stamp from some beginner, and when he finds out the real value thereof we have lost another adherent.

Mr. C. L. Killey of Plano, Ill., donates the editor a 3c Wm. Penn and a 4c Taft from Kankakee, Ill., in the hand electro U-120. A recent small lot of virgin precancels shows 3c Stuarts from Waukegan, Ill., Lowell, Mass., and Poughkeepsie, N. Y., all in their regular electros. A 7c invert Bi-Cent. from Long Island City regular electro, and a 1/2c invert Washington, D. C., double line type (U-16). Also came across a plate variety in the New York City type similar to U-12. Just above the normal upper line is a thin line making it look like a double line type. The thin line although very distinct is not exactly regular and even showing that perhaps it was caused by some foreign object on the plate or a defect of some nature in the plate itself.

Hoover Bros. graciously donated your editor a copy of the Eleventh Edition of the new Bureau Print Catalog. Although I leave the constructive and destructive criticism to Mr. Weber I must say that the book comes in handy many times. And now boys

Orders for this stamp in mint condition may now be sent to the Philatelic Section, Financial Branch, Post Office Department, Ottawa, Canada, and will receive the earliest possible attention. Remittances should be made payable to the Receiver General of Canada, and if from points outside Canada, must include postage and registration fees in addition to face value of stamps.

Orders for the new stamp will be given preference over mixed orders for both the new stamp and former issues.

To meet the wishes of "first day cover" collectors, arrangements are being made to furnish advance supplies of the new stamp to Postmasters at the following Canadian Post Offices—

Charlottetown, P. E. I.; Halifax, N. S.; Saint John, N. B.; Quebec, P. Q.; Montreal, P. Q.; Ottawa, Ont.; Toronto, Ont.; Hamilton, Ont.; Kingston, Ont.; London, Ont.; Windsor, Ont.; Winnipeg, Man.; Regina, Sask.; Moose Jaw, Sask.; Saskatoon, Sask.; Medicine Hat, Alberta; Lethbridge, Alberta; Calgary, Alberta; Edmonton, Alberta; Vancouver, B. C.; Victoria, B. C.

Persons desiring to secure first day covers should forward under cover to the Postmaster at one or more of the above mentioned points, any covers intended for transmission on the first day of issue, (18th May), together with remittance by Postal Money Order, Express Order or Bank Draft, (not personal cheque), for the face value of stamps desired to be used, payable to the Receiver General of Canada at the Canadian point of mailing.

PLEASE NOTE—Requests to Postmasters for first day covers must not include orders for stamps in mint condition. Mint stamps for philatelic purposes can be obtained only from the Philatelic Section, Financial Branch, Post Office Department, Ottawa, Canada, and remittances therefor must be made payable to the Receiver General of Canada.

BROADWAY CHATTER

By BI STANDER

Haig Ouzounian has moved from 87 Nassau Street to 80 Nassau Street to a nicely appointed place. Mr. Ouzounian specializes in U. S. particularly Zeppelin sets and also foreign airmails. He also has a nice stock of Egypt.

The Fulton Stamp Shop of 137 Fulton Street (no connection with the Fulton Stamp Company of West 42nd Street) has given up their shop after being opened several months only.

We ran across full time dealers in Brooklyn, namely the Arbern Stamp Company of 56 Court Street who we were informed have been at this stand for three months. We met Mr. Blankman, one of the firm.

An example of enterprise. The United Cigar Stores Company at one branch we know had the new Newburgh stamps on sale before the post-office here. The sheets at the post-office were certainly off center. All in all we consider this a beautiful stamp.

We hear of the purchase, through a party who saw a sheet of the 3c stamp present issue, and we understand not the Stuart stamp, of the U. S. with the entire bottom row of a sheet of 100 that was not printed at all. This was due to the folding over of the sheet before printing. From the description we feel this is a good item. It was found in a postoffice here. A dealer was the fortunate purchaser.

The Scott Stamp & Coin Company, 1 West 47th Street, report encouraging sales of their albums by countries. This is an innovation with them.

We understand that the Elbe File and Binder Company of 215 Greene Street will get out a stock book to sell retail at a dollar. They also have released to the trade some nice appearing small pocket stock books.

To have fun with your non-philatelic friends. Just ask them where Yunnansen, or Yunnan-Fou is. They will probably think you have taken up French or are out of your head.

TAX PAIDS That is the classification under which a collection of Beer Stamps is referred to by collectors. To a prohibitionist it might make the stamps a bit more palatable. Under this same classification come the Cigarette stamps, Snuff Stamps and dozens of other revenue stamps which for some reason or other are not classified as Revenue Stamps by Father Scott and for that reason only a few people admit to collecting them.

Be that as it may however, some of the most beautiful engraving that comes from the Bureau at Washington is found on these stamps. One of the main reasons for this is due to the fact that the stamps are larger than postage stamps and thus afford ample room for the engravers to show their skill. Many of the stamps are works of art and a collection of them holds one fascinated.

The illustration of the First Day Covers in our issue of April 15 issue has brought some response from some of the happy collectors as well

as a card signed "Just a Friend". On this card we are advised to ask the Missus or someone else who knows, the next time we try to say something about music for our "friend" tells us that the staff of music on the cover from friend McIntyre was not from Sweet Adeline and he even goes so far as to suggest that probably the "brand" that was sold in Columbus made it look like that to us.

Fact of the matter is, your editor does not know one note from another unless they are tens and twenties or such kinds. McIntyre, however, comes across with the information that the tune on the envelope was "How Dry I Am", and when I meet him at Cambridge, Ohio, on the 29th I will fix that up for him.

Then there is Frank Novacek of Camp Lake, Wisconsin, who sends us one of the new 1933 "Half Barrel Fermented Liquor" stamps that are adorning the ends of the new kegs. Frank calls our attention to the fact that the stamp he sends bears a first day cancellation and on examination we find punched letters in the stamp which read "PRIMA—4-7-32". Frank states that this stamp came from the big PRIMA Brewery in Chicago, that the half barrel left the brewery at midnight on April 6 or rather a minute after midnight April 6, which makes it April 7, was carried by truck to Camp Lake, Wisconsin, and tapped at 3 a. m. April 7. He says further that he would have sent it on cover but that the breweries charge a \$6 deposit on the empties. Who would want it on cover on an "empty"?

The new stamp is 68 mm. wide by 53 mm. high, printed in orange on blue paper watermarked U. S. I. R. in double lined letters similar to the old double line watermark on postage stamps. At the top in small letters, UNITED STATES — INTERNAL REVENUE, in the center in small letters STAMP FOR and below in larger letters in three lines HALF BARREL — FERMENTED LIQUOR with a large fraction 1/2 at bottom below which in small letters SERIES OF 1933.

STAMPS WITH Elsewhere in this issue is a list of countries which picture Waterfalls on their stamps. One of our readers is getting together an article on such stamps and already has considerable information on some and is entirely without information on others. It is hoped that any reader who can supply any information about any of these falls that are pictured on the stamps will submit the information direct to this party that the information may be completed.

better. It is also noted that the catalog is no longer published by Hoover Brothers but has apparently changed hands and we note that the publisher is Stephen G. Rich of Verona, N. J. Elsewhere in this issue is an interesting review of price quotations which has been compiled by Mr. E. E. Parker of this city. This comparison of prices should be of interest to those who do not collect these stamps as well as those who do as it shows the steady advance in price of this line of stamps and should lead many others into this field.

THE ACME STAMP COMPANY'S

New York have issued what they call a Supplement to their Wholesale Catalogue Number 2. This book however is more than a supplement as it is a large list by itself and the Acme Stamp Company claim that they have made many drastic price reductions as well as an addition of a large number of new items to their stock. Included in the list are also a large number of U. S. items which have not heretofore been found in Wholesale lists. The new list is very finely illustrated.

Bison Tid-Bits

By Iknoall

Philately in Buffalo is on the upward trend. Great activity is noted in various sections of the city. The Bison Philatelic Society now numbers some 48 boosters. An orchid is in order for the number of livewires in the Kensington district which formed the Gem Philatelic Society. They meet every Friday night. Another orchid for the gang out at Bennett High who reorganized the stamp club there. "Bernie" Obletz is at the helm and they meet every Thursday at 3 p. m.

The column in the Buffalo Sunday Times is now conducted jointly by the two major clubs in the city. The Buffalo Evening News grabbed the former Times editor "Montee" Montgomery and his column will be found regularly in the Monday editions. More power to you "Montee".

The Buffalo Stamp Club plans to stage an international philatelic meet on May 20th. It will behoove you to be there for the festivities and exhibit. Everybody should send the Bison Philatelic Society an airmail envelope for their attractive cachet commemorating the fifth anniversary of airmail between Buffalo and Albany.

Buffalo's airfield now has an airfield cancel and it is understood anyone sending 2c to cover expense to the field which is 8 miles from the city can have their covers cancelled there. Address to the secretary, 443 Sherman Street.

We understand "Crazy" Herget's theme song is "Yo Ho Ho and a bottle of rum. Give us cachets and the devil with the rest; Yo Ho Ho and a bottle of rum".

Milton Miller gave a fine talk on "Stamp Hunting" two weeks ago that won't be forgot in this section for some time to come. Drop in town again, old top, and give us some more philatelic medicine.—And oh oh do those bicent precancel collectors have fun. Abyssinia. WLWN signing off.

Klaas says: The Communists will never succeed in the United States because, unlike the Republican and Democrat parties, they haven't enough heroes to supply pictures for a full set of stamps.

Klaas says: All that ballyhoo about a big set of stamps to commemorate the Century of Progress—result; only two varieties. Reminds me of the fable of the mountain that labored and gave forth a mouse.

"I hear we are going to have a stamp to commemorate a famous aviator."

"That's Wright."

—Everett Klaas.

Conspiracy

Alfred Adler, the psychologist, a
short time ago visited Providence,
Rhode Island, where he was asked to
dine at the home of some friends. He
had put in such a busy day that he
hadn't had time to stop for lunch and
consequently was pretty hungry. Diner
was still an hour or so off. Pres-
ently he spied a dish of cookies on a
table and, rising casually, sauntered
over to it, but his hostess had her eye
on him. "No, no," she said gaily, "you
mustn't spoil your dinner!" Adler
sighed and went back and sat down.
Presently he felt a tug at his trouser
leg and a hot little hand placed some-
thing in his. The daughter of the
house, aged nine, had understood his
predicament. He got away with the
cookie somehow or other, without
being detected, and his confederate
tipped him some more. Later on he
took her aside and, in a whisper,
asked her what he could give her in
return for her kindness. "Stamps,"
she said. A few days afterward she
got through the mails a package con-
taining eight hundred stamps. A
hundred for each cookie.
